

Career Options

Be part of a dynamic team of over 9,500 people spread across more than 260 centres in Queensland and northern New South Wales. Blue Care staff make a difference every day to the lives of our clients through a range of care services including allied health, nursing, respite care, domestic assistance, disability services and more.

What can Blue Care offer you?

Being a key player in our industry, we can provide you with career path opportunities and a dynamic job. You can start at any level of our organisation and combined with an array of learning and career development opportunities, you can progress to management level in your chosen field. Blue Care is also a national accredited training organisation, able to provide staff with the opportunity to gain a Certificate III qualification in Aged Care.

Indigenous Employment Program

Our growing Indigenous workforce is fostered through our Indigenous Employment Strategy and Program.

Our Indigenous Program identifies key strategies including Indigenous recruitment, retention, training and traineeships, professional development and cultural awareness to ensure that our workforce accurately reflects the wider population. The Program is supported by the Department of Employment and Workplace Relations who have recognised Blue Care as a corporate leader in Indigenous Employment.

Staff development

Blue Care's staff and volunteers are valued for the unique contribution they make to meet the needs of our clients. To assist them in their roles the organisation is committed to creating a learning environment that maximises both personal and professional development.

A training needs analysis informs the organisation's staff development calendar which supports staff in developing the knowledge, skills and attitudes required to meet changing needs in the workplace.

Education

Blue Care is committed to education of our staff and other groups interested in furthering their education in the community care sector.

We currently partner with The University of Queensland to deliver a Continence Advisor Continuing Education Program. We also partner with QUT to offer postgraduate in aged care and continuing education courses in advanced clinical strategies to nurses.

Graduate Nurse Program

The Blue Care Graduate Nurse Program is designed to assist recently qualified Registered Nurses to acquire the skills, knowledge and values needed to become an effective gerontology and community nurse.

Positions vacant
