

Palliative Care Services

Sometimes home is the best place.

Blue Care is a leading not-for-profit provider of community health and residential care services. Our aim is to provide our clients with a broad range of services to enhance quality of life and maximise independence.

We provide professional specialised nursing care and support for people with life threatening illnesses and those who care for them.

While upholding the rights of clients and their families to make day to day decisions, Blue Care can provide:

- Home Nursing
- Pain and symptom management
- Emotional support and guidance
- Assistance and relief for the care giver (in-home respite care)
- Liaison between home, hospital, and doctors
- Advice on equipment for nursing care at home
- Advice on financial assistance and other practical help
- Bereavement support for family and friends.
- Allied Health services

Blue Care endeavours to:

- Understand and meet each person's needs
- Encourage a sense of well-being during the course of the illness
- Promote peace and dignity throughout the final stage of life.

Bereavement support

Bereavement support is an important part of Blue Care services. This may be introduced when Palliative Care is commenced and extends past the funeral service. Supporting families, friends, and loved ones to understand what is happening and come to terms with their loss and grief is an essential part of our care.

Hours of service

Blue Care provides Palliative Care in the home seven days a week. Extended support can be arranged by negotiation.

How can you gain access to Blue Care's Palliative Care Service?

If a life threatening illness has been diagnosed please contact your local Centre to arrange care and support. You may refer yourself or be referred by friends, carers, members of their family, their doctor, or the hospital.
